In my first term, I went to Richmond focused on getting things done, rather than getting credit. I tackled big problems by drafting and passing over a dozen bills to make our government work better. We made some progress but we have much more to do. I ask for your vote on November 8 so that I can continue to fight for you and your priorities. Thank you for the honor of serving you.

I love this community and have worked hard to ensure that future generations enjoy the same quality of life I had growing up here. As your delegate, I have fought to get our fair share of transportation funding, strengthen public education, invest in jobs and technology, and preserve our environment. I ask for your support so that together we can build an even stronger community.

My husband and I chose to live in Fairfax County because of its well-deserved reputation as a great place in which to raise a family. As your delegate, I have listened to your concerns about our community, county, and Commonwealth. I have fought to protect our schools, improve our roads, create high-paying jobs, and keep our neighborhoods and children safe. I ask for your vote on November 8, so I may continue working with you for a better future.

I grew up right here in southern Fairfax County and I am proud to be from here. Yet our quality of life is being threatened by cuts to education, roads, and schools that need renovation and reinvestment and politicians who are more interested in scoring points with the Tea Party than working across geographic and party lines to solve our common challenges. Vote for me and I'll keep the promises I make up here down in Richmond.

67th
District

I have lived in Fairfax County for 10 years. As an Air Force veteran, attorney, and public defender, I understand what it means to serve my community. Your delegate should represent the people of Northern Virginia first, and not Richmond Tea Party PACs. That is why I am asking for your support on November 8. Together we can take the 67th District back from the right-wing Tea Party interests.
